## Endowment

## A Mountain of Hope

Every contribution helps to build a \$1,000,000 endowment. It started with a few pennies providing hope to a few people and today the endowment has grown to over \$250,000. The endowment income is substantial and it helps clients secure housing, find employment and ultimately contribute to the greater good in Skagit County. Let's build a mountain of hope right here in Skagit County!
